

HOMESCHOOL CO-OP

LAND O' LAKES, FL

MORE THAN CHAINSAWS & TREES

LEARN. GROW. THRIVE.

Our homeschool co-op offers hands-on, nature-based learning in a real farm environment where students explore, discover, and develop skills for life.

COURSES

GARDEN

Students learn how food grows from seed to harvest through planting, caring for, and harvesting seasonal fruit, vegetables, & herbs.

- Soil health
- Plant Science
- Garden Planning

NURSERY

Students will explore the science and methods of growing and caring for plants in the nursery.

- Seed starting
- Propagation
- Potting & transplanting
- Native plant education

LIVESTOCK

Students build connections with animals while learning about their care, behavior, and purpose on the farm.

- Animal care & husbandry
- Feeding & nutrition
- Habitat & stewardship
- Egg & milk collection

STEWARDSHIP

Students discover how we can apply regenerative practices and manage natural resources sustainably to actively restore ecosystems.

- Composting
- Water conservation
- Natural resources
